Summary

Has interacted with computers since 2006 and coded them since 2009. Proficient with a range of programming languages and equivalent web frameworks. Looking to write software of social and professional relevance while solving adequately challenging problems. Writes and deploys high quality code in an efficient fashion using DevOps tools and practices.

Skills

DevOps	Docker, Dokku, Gitlab, Shell
Back-end	Laravel, Express, Rails, REST API
Front-end	Vue, Vuex, React, Redux
Databases	PostgreSQL, MariaDB, MongoDB
Programming Languages	Javascript (Node.js), PHP, Ruby, Go, HTML, CSS, SASS

Work Experience

IndieTech Solutions   *Abuja, Nigeria*
Web Developer   *Jul. 2019 - Nov. 2019*

- Implemented REST APIs for a food delivery service using Node.js, Express & MongoDB.
- Created client-side bindings to the REST API in a Vue.js web application.
- Assisted in setting up a CI/CD pipeline for both server-side and client-side components reducing deployment times significantly.
- Ensured code formatting and style consistency using linters, formatters and git hooks.

Boughview Innovations   *Lagos, Nigeria*
Software Engineer   *Jan. 2017 - Apr. 2019*

- Provisioned virtual private servers with TLS support for all projects automating the process using shell scripts.
- Built fully automated continuous deployment pipelines using tools like Gitlab CI and Dokku to establish an Heroku like deployment environment.
- Designed and implemented server-side architecture on projects for Wasche & CIBN.

Education

Obafemi Awolowo University   *Ile-ife, Nigeria*
B.Sc. in Psychology (in view)   *Mar. 2013 - present*

Our Lady and St. Francis' Catholic College   *Osogbo, Nigeria*
West African Senior School Certificate   *Sep. 2009 - Jul. 2012*

- Served as a member of the Student Representative Council.
- Was awarded a medal for exceptional performance in the American Mathematical Competition.

Interests

- Reading.
- Writing Poetry and Software.
- Learning about new technology, art and history.
